ADDITIONAL DETAILS: Construction: Steel

NEW 2025 MAC COMPANY LLC SWINGSTEER, 60" Low Profile Material Bucket, Diff Lock, Cab Heat, 12V Front Electric Coupler, 19GPM Aux Hydraulic Pump, 38hp Gas Kohler engine, Rear Hitch, Rear Hyd., Quicktach, Several attachments available, 2yr 1000hr warranty, Financing Available, Limited supply available at this price.

Operator positioned ?up front? between loader arms
 Full view of bucket cutting edge & excellent 360 visibility
 Compact machine dimensions vs Small Articulated loader or tractor
 1500lb lift capacity
 Intuitive Controls
 Steering wheel | Joystick | forward/reverse pedal
 Optional Cab Enclosure with Heater
 Articulated Steering Advantages:
 Low Ground disturbance ? operates on turf
 Reduced HP required vs Skid-Steer
 Long Wheelbase
 More stability than Skid-Steer
 Increased lift capacity vs machine weight
 Smooth operation & more payload stability
 Low Ground Pressure tires reduce compaction
 15 to 25 PSI vs 50 to 80 PSI on Skid-Steers
 Rigid Main Chassis provides stability while articulating
 Steering accomplished by rear axle pivoting under chassis
 Engine/pumps remain ?inline? with bucket for constant counter-balance
 Engine/pumps positioned at rear of chassis
 38 hp EFI Kohler air-cooled engine
 Low operating costs
 Magnetic clutches isolate Danfoss hydraulic pumps from engine
 Optional 19 GPM Auxiliary Hydraulic Pump
 Allows ?engine only? cold starting
 Safety presence buttons engage clutches
 ?Best in Class? machine serviceability
 Low-Profile Universal Quicktach
 Increased operator visibility
 Converts to Std Universal Quickta...
